

Voor de kinderen, met al onze liefde!

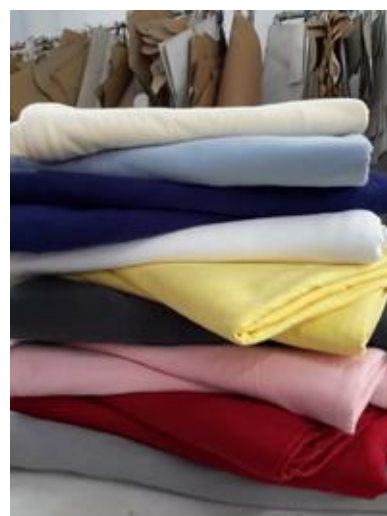

Boefke is a Dutch label springs from the thought “we want the best for the children”. Our collections are all made with organic cotton, by GOTS certified organization.

Organic cotton garments are known for good breathing, good sweat absorbent, antistatic etc. It is naturally grown without hazard for the environment.

GOTS certification has made possible to ensure all the elements in the entire process comply with the strict standard of GOTS. The aim of this standard is to ensure the organic status of textiles, from harvesting of the raw materials, through environmentally and socially responsible manufacturing up to labelling in order to provide a credible assurance to the end consumer.

Companies, like our partner from India, which are GOTS certified, undergo the certification every year again to retain their certificate.

After each order we place, we visit our partner in India twice during the entire process, to see with our own eyes what is happening. During the visits we learn a lot about Organic Cotton textiles. We would like to share what we have seen on site, with pictures we have taken there.

The “from fabric to readymade garment” process in a nutshell:

Step 1. Fabric in Boefke colors

Step 2. Cutting

Step 2b. Cutting done

Step 3. Printing label

Step 4. Piping

Step 5. Stitching

Step 6. Pressing/ironing

Step 7. Finishing

Step 8. Packing

For printing, we use only GOTS approved paints. Printings are handmade, with a printscreen.
